## Trio of Seaside Surgery Center Partners Named as Castle Connolly Top Doctors Annual Peer-Reviewed Directory Considered Industry's Best

**NAPLES, Fla. (December 6, 2022)** — Three of Seaside Surgery Center's physician-partners have been named to the prestigious Castle Connolly Top Doctors® list. The annual peer-reviewed directory has long been considered the leading compilation of America's top physicians. Seaside Co-Founder Robert J. Zehr, M.D., Steven S. Goldberg, M.D., and Carmella Fernandez, M.D., were named as 2022 Top Doctors. Dr. Zehr has been named to the list annually since 2004, earning him a 15-year badge. Dr. Goldberg has appeared on the list every year since 2012, and his listing displays a 10-year badge.

Robert J. Zehr, M.D.

Dr. Zehr is a hip and knee specialist; Dr. Goldberg treats the shoulder, elbow, and knee; and while Dr. Fernandez is Seaside's only hand surgeon, she also treats conditions of the wrist and elbow.

Castle Connolly Medical Ltd. identifies top doctors in America and provides consumers with detailed information about their education, training, and special expertise in printed guides and online directories. It is important to note that doctors do not and cannot pay to be included in any Castle Connolly guide or online directory.

The exhaustive [process](#) of naming a Castle Connolly Top Doctor begins with thousands of interviews. Because the Castle Connolly honors are determined by their peers, surveys are sent to physicians and healthcare professionals. In addition to mail and online surveys, the Castle Connolly physician-led research team makes thousands of phone calls each year, talking with leading specialists, chairs of clinical departments and vice presidents of medical affairs, seeking to identify top specialists for most diseases and procedures.
